ENLI requires a 2 year commitment of active participation in classes, studying for tests, and weekly accountability. Every student will have the opportunity to be disciplined and to disciple others. We want to ensure that every student enrolling has truly "counted the cost" BEFORE entering the program. Please use the following space to outline the history of your walk with God up to the present. Conclude by listing your reasons why you wish to start ENLI at this time. Please list any reservations you may have that can be discussed with the ENLI Director.
